

Can you guide the Dawn spacecraft through the
asteroid field to meet with Vesta?

Dawn is the ninth Discovery mission scheduled for funding from NASA's Science Mission Directorate and is a collaborative partnership made up of the University of California, Los Angeles; Jet Propulsion Laboratory; Orbital Sciences Corporation; Los Alamos National Laboratory; German Space Center; Max Planck Institute for Solar System Research; and Italian Space Agency. Dawn education materials are developed under contract by Mid-continent Research for Education and Learning (McREL), Aurora, CO.
